\$879,000

8 Bedroom, 4.00 Bathroom, 3,415 sqft

Single Family on 0.11 Acres

Hillside, Victoria, British Columbia

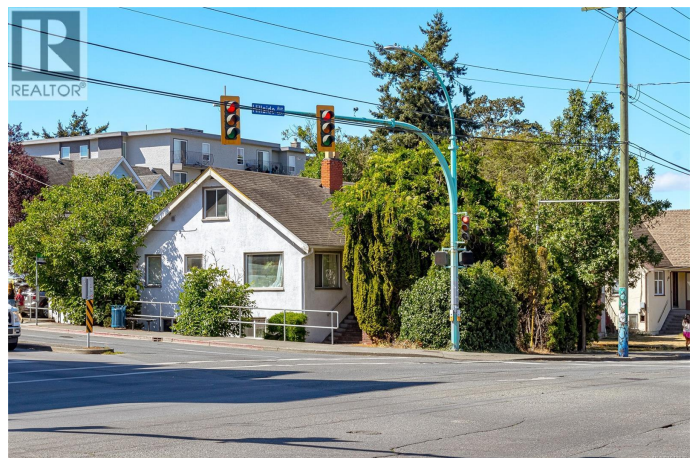

This is a 6 bedroom, 2 bath home. Older home with tons of character that just needs a little T.L.C. to bring it back to its full potential. Formal Dining room and living room in the front of the house and the kitchen is large enough that you could have a table in it. Back entry opens onto a brick patio. New above ground oil tank just installed. There is an extra room downstairs that was insulated and used for a band room. It has a window so could be converted to an additional room for many purposes. Close to everything this house is suitable for a large family or to have students live in because of the easy access to may schools and university. Quick possession possible. (id:6289)
