Single Family on 37.18 Acres

West Creston, Creston, British Columbia

If privacy is at the top of your list, this one's for you. Tucked away on a peaceful acreage bordering crown land, this is the kind of property that rarely comes available. With spectacular valley views, a year-round creek, and forested surroundings, it offers a true escape into nature yet it's still just a short drive to town. This well-built, fully finished 5 bedroom, 3-storey home has a thoughtful layout that's worked beautifully for a family. The lower level could even be converted into a separate living space for family, guests or rental income. Vaulted ceilings and warm wood accents give it a cozy, welcoming feel, and there's no shortage of storage with ample closets throughout. Step outside to enjoy spacious decks perfect for soaking in the view or entertaining friends. The land is a dream for those seeking self-sufficiency—think greenhouse, fruit trees, berry bushes, pastures, and gardens. Whether you're envisioning a small hobby farm or simply want space to roam, this partially treed and fenced acreage has all the right elements. To top it off, a 24x26 shop/garage provides the ideal space for projects, storage, or parking and a horse shelter is already in place for you. A rare combination of privacy, practicality, and natural beauty—call your realtor and come see what makes this property so special.
