\$699,000

4 Bedroom, 2.00 Bathroom, 2,303 sqft

Single Family on 0.16 Acres

Halifax, Halifax, Nova Scotia

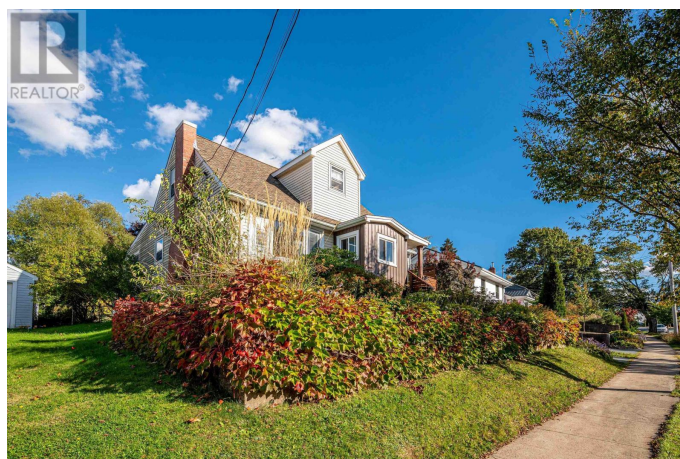

With glimpses and seasonal views of the Basin, this wonderful family home has many important upgrades, including a propane furnace, a newly expanded kitchen, and is ready for you to move in although there is still loads of potential to satisfy your imagination. Three or four bedrooms with the Primary bedroom on the main floor with a large walk-in closet or change that to a closet and full bath or it could be the fourth bedroom. A newer, large, eat-in kitchen with potential for a separate dining room that could open up to the Livingroom. There is presently an Esthetics Studio with a separate entrance, full bath and a kitchen on the lower level with the potential to be a suite. There is plenty of storage in the lower level and the upper eaves. Two bedrooms and a full bath on the upper level complete the living space. This light and bright home sits on a large, level lot raised above the street, is beautifully landscaped and has a new back deck with granite stairs to the yard. There is a fully insulated garage that could become whatever you can imagine as well as a shed for all your gardening tools. Beautiful as is...loaded with potential. (id:6289)
