This house needs some TLC but can be viewed as a bonus when you get a look at the oversized mature lot and 2520 square foot shop. This three bedroom home is on a corner lot that has plenty of trees and shrubs to create an amazing natural privacy. The shop is ready for all of your needs. It is completely finished with tin walls, cement floors, radiant heat, and a bathroom on the main floor. The second floor provides even more storage. Attached to the shop is a two car garage that has been plumbed for in-floor heat and is completely insulated. There is another large shed on the property so there is no shortage of storage space.
